Psychology Internship Program

**150 Hours | 1 Month
Industry-Ready Intensive Training**

Why

This Internship

In today's competitive landscape, theoretical knowledge is not enough. Bridge the gap between textbook psychology and real-world application with clinical, counseling, and corporate tools.

The 150-Hour Breakdown

150

Total Core Hours

Curriculum Structure

Week 1

Foundation & Observation

Emotional awareness and behavior analysis.

Week 2

Stress & Anxiety

Understanding responses and regulation techniques.
